# LAKE CONSTANCE 5D-CONFERENCE 2018

CONSTANCE, MAY 14th – 15th

## MONDAY EVENING'S SOCIAL EVENT

NEW CONCEPT

### Boat trip and dinner on Lake Constance

5.30 pm - 6.30 pm boarding  
(landing place across from the venue)

Round-trip on Lake Constance with dinner buffet. This is a great chance for continuing discussions with leading 5D stakeholders and for international networking.

11.00 pm return to harbor Constance

## GENERAL INFORMATION

### Conference fee:

Regular 695 Euro  
Early bird 495 Euro (until 28th of February)

### Included:

- Conference transcript
- Catering service (Coffee breaks and lunch buffet)
- Boat trip and dinner on Lake Constance

Please register online:  
<http://www.htwg-konstanz.de/5d>

## GETTING HERE

Distances and travel times	miles		
Friedrichshafen	19	1:15 h*	1:20 h
Zurich	44	0:50 h	1:30 h
Stuttgart	109	2:00 h	2:50 h
Munich	143	3:30 h*	3:30 h
Frankfurt	224	4:00 h	4:15 h

\* route with ferry (Departure each 15 Min.)

## MEETING VENUE

### Konzilgebäude

Hafenstraße 2  
78462 Konstanz  
Germany

## Aim of this conference

We are pleased to announce the 5th Lake Constance 5D-Conference. It will take place from May 14-15, 2018 in the historic Konzil building in the port of Konstanz.

Back in 2012, we hosted the first user-oriented conference on BIM in German-speaking countries. The great interest and the constantly increasing number of visitors confirm the validity of such an event.

With the constant changes in the area of BIM, our conference is also open for innovations. So far our concept was based on the presentation of specific detailed solutions from projects. This year we want to do justice to the interdisciplinary significance of BIM. We will therefore focus solely on presenting a holistic view of selected flagship projects.

We are particularly pleased to be able to present four outstanding flagship projects in this new framework. These projects impressively demonstrate the benefits of the 5D processes for the various project stakeholders – from owner to planner to construction company. The project participants will describe the interaction in the project on the basis of processes, technologies, benefits and ways of working by means of specific BIM use cases.

## Flagship Projects

- Siemens Campus, Zug, Switzerland
- Trinity Tower, Paris, France
- Hospital, Frankfurt Höchst, Germany (BuildingSMART Award 2017)
- B87, Eilenburg - Mockrehna, Germany

## Conference Language

Please note: The German-speaking lecturers will preferably give their presentations in German, all other speakers will present in English.

As in previous years it is very important for us to offer you a spacious exhibition area with a diverse selection of specialist companies. The opportunity to enlarge new knowledge in the exhibition area gained by the presentations underlines our user-oriented design of the conference.

Have we caught your interest? We cordially invite you to benefit from this wide range of interesting and practical lectures. Take the opportunity and expand your BIM knowledge and your international 5D network.

For further information and a detailed overview of the flagship projects please visit [www.htwg-konstanz.de/5d](http://www.htwg-konstanz.de/5d)

Sign up soon, because the seats are limited.

DAY 1	Monday, May 14th 2018	Language
Welcome	10.00 am - 10.30 am	
Office Siemens Campus, Zug, Switzerland	10.30 am - 1.00 pm Owner / FM Planner Construction Companies	
Keynote	2.15 pm - 3.00 pm Prof. Martin Fischer Stanford University	
High-rise Trinity Tower Paris, France	3.15 pm - 5.45 pm Supplier Planner Construction Companies	
Social Event	6.30 pm - 11.00 pm	

DAY 2	Tuesday, May 15th 2018	Language
Hospital Neubau Klinikum Frankfurt-Höchst, Germany	9.30 am - 12.00 noon Owner / FM Planner Construction Companies	
Road B87, Eilenburg - Mockrehna, Germany	1.30 pm - 3.30 pm Transportation Infrastructures	
Adoption	3.30 pm - 4.00 pm
